

TOYOTA **AMT** PROGRAM

Key Points

- **PAY WHILE IN THE PROGRAM**

As an AMT you will start at \$18.50 per hour and get a raise every 6 months you are in the program.

- **LENGTH OF PROGRAM**

You will start the program in production working fulltime in June. In August you will go to a work/school split. You will move to a skilled group in September and will complete the program in 21 months.

- **WHILE YOU ARE IN THE PROGRAM**

You will work 3 days per week with Toyota Skilled TMs to learn the trade. You will attend school the remaining 2 days per week.

- **AFTER GRADUATION**

Immediately after graduating you are eligible to be hired full time as a Toyota Skilled Team Member. At that point the pay goes to \$33.75 per hour with a top out of \$39 after 18 months of service.

Program Summary

The Advanced Manufacturing Technician Program (AMT) is a two-year (five semesters) Associate Degree that combines cutting-edge curriculum, paid working experience along with learning highly sought-after business principles, and best practices of world-class manufacturers. You attend class full time two days a week and work at your sponsoring manufacturer three days. You will also develop productive work behaviors that provide excellent self-development skills that are very attractive to employers.

The AMT program consist of a 24-hour paid work week while the student covers school costs. View the AMT website to see on ways to reduce school cost.

The AMT Program has an application and interview process that is highly competitive. Once you complete the application, you will be scheduled for an interview with sponsoring companies.
